

BOLLARD HEIGHT MEASURING FOR BOLLARD COVERS

MEASURING

• WITH BOLLARD COVER

Using a tape measure, place the end of the tape measurer at the ground level of the bollard and measure to the bottom of the dome.

• WITHOUT BOLLARD COVER

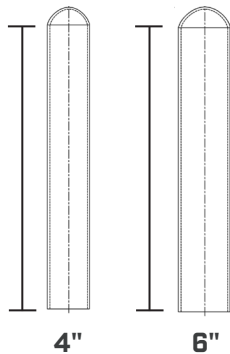

Using a tape measure, place the end of the tape measurer at the ground level of the bollard and measure to the top of the steel pipe.

*WITHOUT BOLLARD COVER

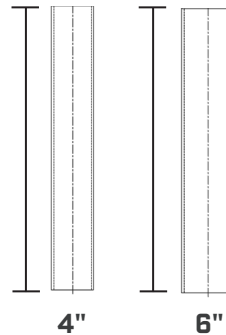

EXAMPLES

WITH BOLLARD COVER

*Measure from bottom of the Bollard Cover to the bottom of the dome.

WITHOUT BOLLARD COVER

*Measure from bottom of the bollard to the top of the steel pipe.
